> 29/06/09 *The Economic Advisor awards Iginsa the Industry Award of Manresa's Chamber of Commerce.*

At the gala celebrated on the 29th of June 2009, the Honourable Economic and Financial Advisor of the Generalitat de Catalunya (regional government of Catalonia) awarded the Industry Prize to Iginsa given by the Manresa Chamber of Commerce.

The Industry prize distinguishes those companies, persons or institutions of the district which have developed remarkable actions in environmental protection using the TIC fully and satisfactorily in their business with a track record strongly tied to innovation by its actions in the area of social involvement of the company, for its exemplary policy of education, labour safety, etc. In summary, this is a prize to recognize the best practices in the business environment.

When granting the award the jury takes the following merits into account:

- Track record of persons, companies and public and private institutions favoring the protection and improvement of the environment.
 - Remarkable environmental actions carried out during the year (improvements, minimizing of waste, revaluation, etc.).
 - Certifications and/or credentials obtained (ISO 14000, EMAS, etc.).
 - Establishment with specific environmental policies in the company.
 - University-company and study centre collaborations.
 - Sponsorship of activities.
 - Innovative and exemplary use of the Internet and the TIC in the business model (B2C, B2B, etc.).
 - Use and instauration of ERP and CRM systems or any support element to its production process, distribution, client relations, supply, etc.
 - Creation of TIC products and services for companies and individuals.
 - Design and development of new products, services or processes.
 - Actions within the framework of social responsibility of the company.
- Others of analogous contents.
